PURCHASES FOSTORIA PLANT

**Force from Atlas Safe Company Will Move to Newark in a Few Days.**

The big Wehrle foundry in West Newark is still further increasing its field of activity and at the same time doing a great deal to realize "Greater Newark."

The Atlas Safe company of Fostoria has been purchased by the Wehrle company and a part of the old foundry building will be used for the manufacture of fire proof safes.

About 50 skilled mechanics will be brought to Newark and in about two weeks safes will be built here in Newark, which will favorably compare with the best now made.

While the manufacture of safes will be started on a comparatively small scale—10 to 15 a day—it is reasonable to assume now that the Wehrles have bought the safe plant, that the output will be increased in the near future.

NEWARK LINES

**NOT AFFECTED BY APPEYARD RECEIVERSHIP.**

Mr. J. R. Harrigan Says Trouble Has Nothing to Do With Intrinsic Value of Roads.

The recent receivership appointment for three of the prominent electric roads in Central Ohio, has caused a great deal of comment in Newark, regarding the situation of interurban properties, including the Columbus, Newark & Zanesville and Columbus, Buckeye Lake & Newark roads.

It must be distinctly understood that the two roads centering in Newark are owned by the Tucker-Anthony syndicate, and are in no way connected with the Appleyard syndicate.

The handsome dividend declared by the C. B. L. & N. and C. N. & Z. in December, is conclusive proof that these properties are paying.

Mr. J. R. Harrigan, manager of the C. B. L. & N. and C. N. & Z. traction lines, who is thoroughly familiar with the electric traction situation in Ohio, says that the reason for the trouble on the so-called Appleyard system of roads has practically nothing to do with the intrinsic value of the properties themselves.

Some of the roads notably the Columbus, London & Springfield, and the Dayton, Springfield & Urbana companies, are very valuable properties, having valuable franchises, are well constructed and serve a very large population, and should show handsome earnings.

It is the opinion of Mr. Harrigan that the cause of the trouble is due largely to complications such as existed at the time of the trouble with the Everett-Moore syndicate, whose properties were put into the hands of a bankers' committee, composed of the most conservative and strongest banking interests of Cleveland, Ohio, who have managed to straighten out all difficulties so as to leave a very large cash equity to the original owners of the properties.

The roads comprising the Appleyard syndicate have been seriously handicapped by the entanglement of one company with another and financial difficulties, for which the companies themselves are not directly responsible, and there is reason to believe that the roads themselves have sufficient intrinsic merit to become valuable properties under different conditions.

The Governor of the Province of Brandenburg has dismissed the appeal of Herr Blumenthal, the presentation of whose play, "The Dead Lion," was not permitted in Berlin. The governor says it is clear that, though the drama is dated the fourteenth century and placed in Spain, it is a representation of the fall of Prince Bismarck and that in a monarchical government it is impossible to allow political events to be made the subject of a play.

In London, according to the latest statistics there is only one telephone for every six families. In New York there is one for 11, in Boston one for 12, in San Francisco one for 4.

A Grim Tragedy

It is a fact that in thousands of homes a death claims in each one, another victim of consumption or pneumonia. But when coughs and colds are properly treated, the tragedy is averted. P. G. Huxley, of Oakland, Ind., writes: "My wife had the consumption, and three doctors gave her up. Finally she took Dr. King's New Discovery for consumption, and she is now well and strong. I feel the germ of all diseases is in the lungs. Once cured, guaranteed to stay cured. Price \$1.00. Sold by all druggists and at the J. C. Ayer Co. Boston, Mass. and J. C. Ayer Co. Lowell, Mass."

Russian Losses at Port Arthur.

General Nogi reports that the Russians surrendered at Port Arthur 1219 army and navy officers, 22,434 rank and file of the army and 4,500 rank and file of the navy and 4,145 army and navy non-combatants, making a total of 22,207. In addition he states that there are about 15,000 or 16,000 sick and wounded in the hospitals. This would bring the total number up to about 38,000. Excluding the non-combatants in and out of the hospitals the number of soldiers and sailors would be about 42,000, of whom about 25,000 were out of the hospitals. Many of those who were not in the hospitals were doubtless too sick or fatigued for any effective duty. It is said that about 11,000 of the garrison were killed, or died of wounds or sickness, although there is as yet no official data upon this subject. If the figure is correct, then the total garrison, excluding the non-combatants, was about 53,000. To this number must be added the sailors and soldiers who escaped on warships during the siege, which would probably bring the total force which Stoessel had under his command at the beginning of the siege up to 55,000.

Timely Reforms in Russia.

Disraeli's saying that assassination had never changed the history of the world seems to have found a challenge in the course of recent events in Russia. Deeply as we must deprecate the murder of the late M. Plehve, it is evident that the forcible removal of the chief spirit of reaction and the appointment to his post of the broad-minded Svetopolk-Mirsky were the beginning of what promises to be an era of real and great reform in the internal administration of the Russian empire. Whether the new minister of the interior will be allowed to carry out his liberal programme of course remains to be seen. The bureaucrats succeeded in defeating the reform policy of M. Witte and in relegating that minister to practical obscurity, but the czar appears to be giving more loyal support to Svetopolk-Mirsky than he ever gave to Witte. A remarkable evidence of the success which M. Svetopolk-Mirsky has even now achieved is seen in the greater freedom of the press in discussing public affairs. The period in which the people of Russia have had to learn the news of their own country from foreign papers smuggled over the border is apparently past.

The Russians in Port Arthur are believed to have sacrificed a war vessel worth \$200,000 or \$300,000 to get dispatches to the government at St. Petersburg. The risk of capture with whatever information the boat contained was as great as that run by war balloons, yet the Russians seem not to be up to date in military ballooning. During the comparatively short siege of Paris—September, 1870; January, 1871—sixty-two hastily improvised balloons left Paris, carrying out over ten tons of letters. These balloons were managed by sailors, and but few of them fell into the hands of the enemy. Several traveled as far as from Port Arthur to Mukden, and one sailed to Norway, many times that distance.

A British official took occasion at the Thanksgiving dinner of our ambassador to criticize what he called the arrogation of the name American by the United States. But the Europeans set the fashion of calling our people Americans and all our institutions and our products as well. And it suited the English not long ago to sneer at the name of which they have suddenly become envious.

What are Humors?

They are vitiated or morbid fluids coursing the veins and affecting the tissues. They are commonly due to defective digestion but are sometimes inherited. How do they manifest themselves? In many forms of cutaneous eruption, salt rheum or eczema, pimples and boils, and in weakness, languor, general debility. How are they expelled? By Hood's Sarsaparilla which also builds up the system that has suffered from them. It is the best medicine for all humors.

WAR OF THE FACTIONS

Talk of Naming Dick for Governor to Defeat the Foraker Movement for Harding--But Herrick Machine Claims to be Strong Enough to Down All Opposition.

Columbus, O., Jan. 7.—Here's the latest possibility of the merry war now in progress between the factions of Ohio Republicans. It is that Senator Dick may be nominated for governor, in case Herrick becomes convinced that his own nomination would be unlikely or his election doubtful if nominated. Dick would be thus used to stop the Harding boom, and he would be pointed to as a martyr who had resigned the senatorship in order to restore party harmony as a gubernatorial candidate. Immediately upon taking office, however, Dick would appoint Herrick to the senatorial vacancy and the two together, with the state patronage behind them, would undertake to utterly destroy the Foraker machine and lay Harding permanently on the shelf. This done, Dick would succeed Foraker in the senate, the two thus acquiring absolute control of Ohio Republican politics from both a national and state standpoint. This is an extraordinary proposition and one which may not at first readily obtain credence. Nevertheless it comes from high Republican authority and is offered seriously for consideration in the event that Governor Herrick becomes discouraged regarding his prospects of nomination or election. It is only fair to the Governor to state, however, that this season of discouragement has not yet come on his part, notwithstanding the Republican hatchets now flying in the air.

might bring consternation to a politician more fearless than the average. The governor does not think that the combined forces of Senator Foraker, Lieutenant Governor Harding, the Anti-Sallon League and the various elements opposed to his nomination on one ground or another, can defeat him. This is also the judgment of the governor's associates in office and his closest political advisers, all shrewd politicians, among whom are Senator Dick, chairman of the Republican state executive committee; Auditor of State Guilbert, who has more subterranean wires strung across the state than undermined Port Arthur; Secretary of State Laylin, who is closer to the election machinery of the state than any other man; Attorney General Wade Ellis and Insurance Commissioner Vorys, both shrewd politicians, and last, but not least, John R. Malloy, the late Senator Hanna's right hand bower and manipulator who is not in the habit of allowing opportunities to pass by unimproved. This is a hard combination to be met and defeated by Senator Foraker and Editor Harding, or any man or set of men. All Republican nominations in this state for the past ten years have been machine nominations with perhaps the single exception of Harding's nomination for lieutenant governor. Precedent is altogether in favor of machine nomination this year but the machine is undoubtedly under the control of those who think Herrick strong enough to "chance it," notwithstanding the many elements against him.

GRANVILLE EVENTS

Mrs. Martenbee Celebrates Her 90th Birthday Anniversary—College Town Personals.

Granville O., Jan. 7.—The Philomathean Literary society held its regular meeting in the gymnasium on Friday evening at 7 o'clock, with Miss Betty Corper as the new president and Miss Irene Pennington as the new president, and Miss Irene Pennington as the new secretary. An entirely extemporaneous program was carried out, which was very creditable to the work of the society. The many friends of Mrs. Martenbee, one of Granville's oldest and best known women, celebrated her ninety-third birthday anniversary today, very quietly at her home here. During the day her friends presented her with 99 beautiful carnations in honor of the event. The ladies of the Baptist church held a missionary tea in the church parlors on Friday afternoon, having present with them Mrs. Kilpatrick, the state president. Mrs. Kilpatrick is the guest of Rev. Mr. Rose and family, at their home on Broadway. Misses Daisy Shambaugh and Mary Fulton, graduates of Denison University, '02, and who are both teaching in Prosser Institute, West Virginia, visited Granville on Friday. The scientific association held its regular meeting on Friday afternoon in Science hall. Miss Mary McGinnis read a very instructive paper on "The Evolution of the Horse," and Mr. Paul McKibben read a paper on "Artificial Imitations of Protoplasm," which was very instructive and interesting.

PRICE OF WHEAT

In Newark Is Dollar Ten and Dealers Think It Will Remain About That Figure.

The attention of a leading Newark grain dealer was called Saturday to a dispatch from Coshocton saying that the price of wheat jumped there on Friday to \$1.20, the J. F. Williams company paying that price per bushel for the cereal. This is the highest price paid in Coshocton for twelve years. The Newark dealer said that the high price there is no doubt due to a local shortage. The Baltimore prices range from \$1.15 to \$1.10, but the price in Newark has for some time been stationary at \$1.15. All of the local buyers are paying that price now and have no trouble to get grain at that figure. The price in Chicago is about the same as in Baltimore. Within the past four weeks a great deal of wheat has been brought in from Canada, notwithstanding the duty of about 20 cents. Local dealers think the price here will remain about where it now is, \$1.10. Bring your wheat and corn to the Farmer's Exchange. 1-7-01

DISCRIMINATING LADIES.

Enjoy Using Herpicide on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpicide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause. Newbro's Herpicide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness. In killing it, Herpicide stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Immense beds of asphalt have been discovered this year in the district of Sukhum, in the Caucasus. Professor Mendeliev has examined the deposits and reports that the asphalt is of excellent quality. This discovery is of great importance to the development of the petroleum industry in South Russia as the great quantities of broken coal lying unused in the Donetz coal region may now be turned to account. FREE ADMISSION

TO IDLEWILDE PARK DURING THE COMING SEASON.

Important Announcement Made By Park Manager Will D. Harris, on Saturday.

It will be of general interest to know that next year there will be no admission charged for Idlewilde Park. The Columbus, Tuckeye Lake & Newark Traction company, has decided that this will be a feature that will appeal to the public. The company does not manage the park for revenue, but as a "feeder" for the city street car lines, which it controls, and believing that everyone in Newark would enjoy the privilege of visiting the park without paying admission, this ruling has been made. Idlewilde park will be free next year, as it ought to be. Manager Will D. Harris, after a consultation with Mr. Harrigan, made this announcement Saturday. It is known that Mr. Harris has desired to take this step and he has for some time been working to bring it about. The move will be appreciated by the people of Newark.

LINGAFELTER CASES

WILL PROBABLY BE ASSIGNED ON MONDAY.

Knox County Prosecutor Communi- cates With James R. Fitzgib- bon on the Subject.

Mt. Vernon, O., Jan. 7.—Prosecuting Attorney Stillwell states that original work will probably be taken up in common pleas court the week of Jan. 23. Among the cases to be tried are those of Ohio v. Robert Lingafelter, and Ohio v. James Lingafelter, the Licking county cases brought here on change of venue. The prosecutor wrote to Prosecutor Fitzgibbon of Newark, Friday, informing him of this fact and suggesting that the Licking county official suggest the date for the beginning of the trials. If this is done Prosecutor Stillwell will have the cases assigned next Monday.

Prosecutor Fitzgibbon is out of the city today and for that reason his reply to the Knox county prosecutor cannot be announced.

Among the articles of "movable property" left by President Kruger when he died were inventoried: One little of snuff, one tall silk hat, one black var robe, various psalm books, a large Bible, six smaller Bibles, eight button decorations, a purse containing one Transvaal sovereign, one Transvaal half sovereign, one Transvaal shilling and one straw hat.

Performing Wonders.

Thompson's Baresma, Kidney and Liver Cure

Is not only performing wonderful cures, as all our statements will prove, but all the cures have been permanent, there being no return of the disease or any of the symptoms even after a lapse of many years. "I was bloated and short of breath, making it very difficult for me to walk. I suffered from a very sore and throbbing stomach, I was told I had a liver trouble and enlargement of the liver and spleen. I finally began taking Thompson's Baresma, Kidney and Liver Cure, and the first bottle relieved the pressure about my stomach from forty pounds to twenty-six miles, and several bottles completely cured me. I gladly recommend it to others. This was five years ago." M. S. LANGKOWITZ, 1107 1/2 N. 11th St., Philadelphia, Pa. Thompson's Baresma 50c. and \$1.00.

## A HAPPY MOTHER

WEATHERFORD, TEXAS.  
May 14, 1902.

Before my baby was born I was in great misery. I was just able to be about but just as soon as I began to take Wine of Cardui, which had been recommended to me, I felt much better. In fact I feel that if it had not been for this medicine I would not have been strong enough to live through childbirth. But that was made comparatively easy by taking your medicine for four months before baby came. Wine of Cardui restored my health as I took it two months afterward. I cannot speak too highly of Wine of Cardui and I am glad to endorse it.

## NEWARK BALL CLUB

FOR THE SEASON OF 1905 IS AN ASSURED SUCCESS.

Manager Harris Makes Contract With Hayes & Company, and Waller Snodgrass, Manager.

The management of the Idlewild baseball club for the season of 1905, will be Walter Snodgrass, as was stated in this paper this week.

On Friday evening a contract was signed by the management of the Columbus, Buckeye Lake & Newark road, represented by Wm. D. Harris, manager of Idlewild and Buckeye Lake parks, with the S. K. Hayes Co., the latter having charge of the team. The company consists of S. K. Hayes, president; C. E. Matthews, secretary; F. English, vice president; E. T. Johnson, business manager. Walter Snodgrass, last year's catcher, will be field manager.

Mr. Snodgrass will go to Cincinnati to buy uniforms and sign players, in the near future.

Taylor, Golye, Justice, and Stone, will be members of the team, and the old favorites of last year will receive a hearty welcome.

Three games a week will be played and no extra charge will be made for admission to the park.

Mr. Hayes is now conducting a cigar store on the north side of the square, and Messrs. Johnson & Matthews are managers of the Auditorium. All the men who have been mentioned are well-known and the success of the club is assured.

Manager Snodgrass was in The Advocate office on Saturday afternoon and made arrangements that Joe Miller, sporting editor of this paper, will be the official scorer for his 1905 team.

## ENJOYABLE RECITAL

Fifth Number in Series Devoted to Study of Standard Composers in Schools.

The educational value of the several musical recitals which have been given in the High School chapel, under the direction of Prof. Yearley, can scarcely be overestimated.

"An Afternoon With the Composers," Friday attracted a large number of people, notwithstanding the extreme inclemency of the weather. A delightful program had been prepared which embraced a wide variety of composes and much diversity of style. Too much commendation can scarcely be given the chorus work. Precision of attack, good phrasing, and considerable expression marked the whole. This, with almost wholly untutored voices, is a difficult task and proves the trained conductor. Miss Glenn has had not a little experience as accompanist, and sustains both director and singers.

The soloists were Mrs. Edith Sage MacDonald of Columbus and Prof. Arthur L. Judson of Granville. Mr. Judson is a favorite of Newark audiences and his musical interpretation of his several numbers sustained his well-earned reputation. Mrs. MacDonald had never been heard here before, but she made a most gratifying impression. Her voice is full and round carefully modulated, with not a little dramatic power.

The solo and chorus "As Pants the Heart," from the "Confession" (Schor) was especially well rendered, but the ballad, "Gull I Forget," with violin obbligato, was perhaps the best received.

## FALL OF SLATE

CAUSED DEATH OF E. SHIMEL'S FATHER IN PENNSYLVANIA.

He Was a Civil War Veteran In 79th Year—Two Sons Live In Newark.

Mr. Elis Shimel, who was called to Wallacetown, Clearfield county, Pa., on account of the death of his father, Mr. John R. Shimel gives the following particulars of his death. Mr. Shimel says that his father had gone into a coal mine, his object being unknown. When found some six hours later in the mine he was dead and was covered with a fall of slate, death apparently having been instantaneous. He leaves two sons, Elias and Isaiah, of Newark Ohio, and two daughters, Mrs. Ruth E. Merritt, of Lock Haven, Pa., and Mrs. Arne Twoey, living on an adjoining farm, the beloved wife and mother having gone some four years before. Mr. Shimel was in the 79th year of his age. He was a soldier in the civil war, serving until July of 1865, in the One Hundred and Second regiment of Pennsylvania volunteers, in Company L. He was a member of the G. A. R. Post at Phillipsburg, Pa., and had been a member of the U. B. church for a period of over fifty years, and from which church the funeral took place. He was a model father, loved by all, and does not leave an enemy. The surviving members of the family have the sympathy of all their friends.

## RAILWAY RUMBLES

RECEIVER WANTS TO SELL THE SANDUSKY SOUTHWESTERN.

Rehearing Granted In Colorado Case—Pennsylv's Denial—Day's Railway Brevities.

Wapakoneta, O., Jan. 7.—E. S. Nichols, receiver of the Sandusky Southwestern Railway company, filed a petition in the common pleas court stating that the company is insolvent and wholly unable to pay its debts, and asking for an order to sell all the property, roadbed, right of way and franchise. Claims to the amount of \$41,000 have been filed to date. The company owns about 64 miles of right of way on its main line and branches. The receiver also alleges that the mortgage to secure the bonds delivered to the Cleveland Trust company for \$1,500,000 is null and void and now of no value whatever, and asks that said Cleveland Trust company and several other large lien holders, including the F. H. Blodgett company of West Virginia, be made parties defendant.

Washington, Jan. 7.—The interstate commerce commission telegraphed President Ripley of the Atchison, Topeka and Santa Fe railroad that it would give a rehearing in Chicago of the Colorado Fuel and Iron case, probably on Friday or Saturday of next week, though possibly not until later. This is the case in which charges were made of granting rebates by the railroad to the Colorado company.

## The Hand That Wards Off Coughs, Colds, Grip And Restores Nervous, Dyspeptic Catarrh Wrecks.

LIKE A DEMON grip has crossed our country, leaving behind scores of physical wrecks.

Victims of catarrh of the head, catarrh of the throat, catarrh of the lungs, catarrh of the stomach, catarrh of the kidneys, catarrh of the pelvic organs, are to be counted by hundreds of thousands.

Grip is epidemic catarrh, and sows the seed of chronic catarrh within the system.

This is so true that few grip sufferers are able to make a complete recovery until they have used Peruna.

Never in the history of medicine has a remedy received such unqualified and universal eulogies as Peruna.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

### Cured of Obstinate La Grippe.

Henry Distin, the inventor and maker of hand instruments for the Henry Distin Mfg. Co., at Williamsport, Pa., is probably the most active old man in Philadelphia to-day. He writes from 1441 S. 9th street, Philadelphia, Pa.:

"I write to inform you that I had a bad attack of la grippe last December which lasted more than three months, and which left me with catarrh, and several of my friends advised me to try your wonderful medicine, Peruna.

"I began with a bottle the first week in March and it certainly did me a great deal of good.

"I was so well satisfied that I purchased another bottle, and followed your directions which you furnish with every bottle, and I am glad to say that it has cured me. I shall certainly recommend the Peruna to all my friends."—Henry Distin.

### Congressman Powers of Vermont Uses Pe-ru-na in His Family.

Hon. H. Henry Powers, writes from Morrisville, Vt.:

"Peruna I have used in my family with success. I can recommend it as an excellent family remedy, and very good for coughs, colds and catarrhal affections."—H. Henry Powers.

### Pe-ru-na For Catarrhal Nervousness and Stomach Troubles.

Hon. W. J. Purman, ex-member of Congress from Florida, writes from 1422 Q street, N. W., Washington, D. C.:

"From representations to me, and from my own experience, I feel justified in recommending your Peruna to any and all persons suffering with catarrhal nervousness or stomach troubles."—W. J. Purman.

## ENTERTAINMENT

Given By the Catholic Literary and Social Club Was a Big Success Friday Night.

Many are the expressions of praise complimenting the members of the Catholic Literary and Social club, upon the brilliant success of its entertainment at Taylor hall Friday night.

Regarding the program it can be truthfully said that every number was well received and heartily applauded.

The principal features of the program were the dramatic selections from Richard III. Mr. F. L. Garrity has already won fame as a actor, and ably assisted as he was by the talented support of the members of the cast, made another hit in his favor, and it is his intention to produce in full a play in the Auditorium in the near future.

Special mention should be made of the vocal numbers by Mrs. Stem in "In Naples Fair," and Mr. Downey's "Good-bye Sweet Day." Their singing was very much appreciated and as they are not members of the club the thanks of the organization are extended for their assistance.

Miss Helen Early, as an elocutionist, added to her long list of triumphs by rendering in an inimitable manner, "The Diver."

Miss Carrie Gleichauf, at the piano, proved herself to be mistress of the keyboard, rendering her selections in a manner proving great musical ability. The whole program was good.

Mr. F. L. Garrity is certainly to be complimented on this, his first production in this city, the success of which will, no doubt, encourage him to try again.

## NEWARK MAN

BOUND OVER TO GRAND JURY AT COLUMBUS.

For Failing to Support His Children—Convicted Means Imprisonment at the Penitentiary.

John Looker who was arrested here on Thursday by Deputy Sheriff Chas. H. Hindel, on a warrant sworn out by the humane society of Columbus, charging him with failure to provide for his children, was taken to Columbus and waived examination in the police court, and was held to the grand jury under a bond of \$600. The Columbus Dispatch says:

"Looker's wife died several years ago, and a 22-year-old daughter, with some assistance from her brothers, has managed to keep the family together, the parent refusing to contribute to their support. The humane agents claim that Looker has been employed for some time in a foundry at Newark, making good wages, and that he has absolutely refused to help his two younger children."

"The prosecution is brought under a state law, making the offense punishable by imprisonment in the penitentiary for a year, upon conviction. The children live in Columbus."

## Fortifications Bill Passed.

Washington, Jan. 7.—The house passed the fortifications appropriation bill and adjourned. After Mr. Littauer of New York had drawn a lesson from the siege of Port Arthur to show that submarine mines had proven of the greatest importance in warfare, Mr. Baker enlivened the proceedings by attacking President Roosevelt, who, he said, wanted to hold himself up as the "counterpart of Wilhelm II, the great war god." Later Mr. Baker found fault with the provision in the bill permitting the entry of such war material as might be purchased abroad, and charged the Republican leaders as being frauds in their contention that the foreigner paid the tax.

### Business Conditions.

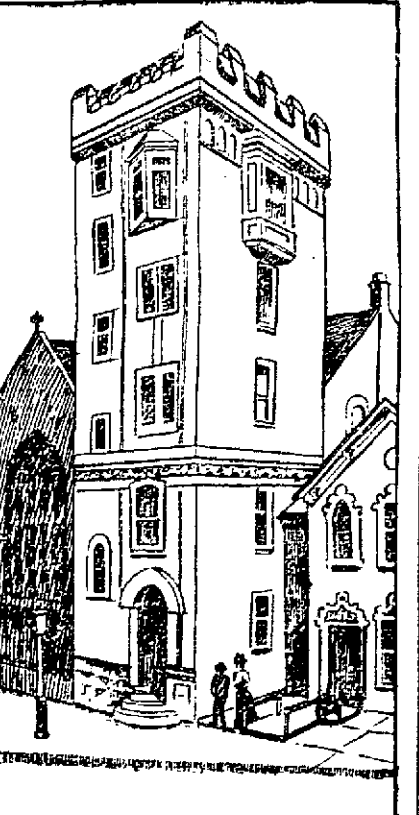

New York Jan. 7.—R. G. Dun & Company's weekly review of trade says: Aside from some hesitation at the south, owing to the recent fall in price of cotton, business conditions are favorable, and optimistic sentiments are evidenced by extensive preparations for active trade. As annual reports appear it is found that the closing months of 1904 made a much better exhibit than the first half, which starts the new year with smaller stocks of goods in the hands of dealers, assuring liberal contracts in the near future for replenishing supplies. Failures for the week numbered 269 in the United States, against 400 last year and 25 in Canada, compared with 37 a year ago.

### A QUEER PARSONAGE.

How a Chicago Pastor Solved a Problem in Church Finance.

A Chicago clergyman has perhaps the most unique parsonage in existence. He is the Rev. George A. Bird, who for twenty-three years has been pastor of the First Congregational church of South Chicago, and his home is the tower of the church.

Three years ago Mr. Bird's wife died. The church needed both a parsonage

and a tower. There was money for only one. Which should have it? After consulting an architect the pastor decided that by combining the two it might have both. The tower was built with the pastor's library at the top, on the fifth floor; under it his kitchen and dining room, under that a large chamber, under that a reception room. The first floor constitutes the main entrance to the church.

His Equipment Gives Him a Queer Appearance.

The Japanese soldier on the march makes a queer figure. He carries besides his rifle and ammunition various articles of apparel and morsels for the preparation and eating of food. Conspicuous on his back is an extra pair of shoes, one under each arm.

The Japanese soldier is almost as wiry and tireless as the American foot-

and he will carry a lot of food on his back sixty days' provisions, eating at the rate of three meals a day. Often one can see a soldier out of his canvas leggings the chopsticks which he uses in eating his meal of rice and fish.

One of the most enjoyable events in secret society circles during the past week was the "Watch Meeting" held by Daisy Camp, No. 2574, Royal Neighbors of America, on Saturday night last, in the hall in the Ankle building. There was a large number of the members and friends of the camp in attendance and a most enjoyable program was carried. Among the features worthy of especial mention is the clog dance by little Misses Esther Graeff and Hettie Rinebolt, with little Miss Freda Rinebolt as the accompanist on the piano. Solo by Mr. Edward Wilcox. Recitation by Miss Alta Sherburne. Instrumental solo by Mrs. Nora Rose, and the selections by the colored quartet. A pleasant feature in connection with the meeting was the fact that it was also the occasion of the twenty-fifth anniversary of the marriage of Mr. and Mrs. John Lambert, who are members of the camp, and that the event was fittingly remembered by the brothers and sisters of the camp. Mr. Clarence Wilcox, on behalf of the members of the camp presented Mr. Lambert with a beautiful silver shaving mug, and Mrs. Lambert with a handsome silver fruit dish. Mr. Wilcox, on behalf of Mr. Lambert, presented Mrs. Lambert with a beautiful gold watch. Consul Jones will take the officers of the camp and Neighbor James Rutledge takes the balance of the members in a membership getting contest, the losing side to banquet the victors. Everything points to a lively contest as all appear interested. ## KNIGHTS OF PYTHIAS

### DEDICATE THEIR NEW LODGE AT JOHNSTOWN.

White Cross Lodge Has a Splendid History and is Now in Fine Condition.

Friday was a red letter day in the history of White Cross Lodge, Knights of Pythias of Johnstown. That was the day set apart for the dedication of the new lodge, which replaces the old lodge destroyed by fire last June. In addition to the dedication of the new lodge room, the officers of White Cross lodge for the ensuing year were installed. Invitations had been extended to the members of all the neighboring lodges to witness the ceremonies which took place in the new hall, beginning at 2 o'clock, and continuing until 6 o'clock in the evening, when an elegant banquet was served by the wives and daughters of the members of White Cross lodge, and then the entertainment was concluded at night. In the afternoon the exercises consisted of an address of welcome by Dr. C. A. Burke, chancellor commander of the lodge, which was responded to very eloquently by Grand Chancellor J. D. Clark of Dayton, Ohio. The imposing lodge dedication ceremonies were then conducted by Grand Chancellor Clark, assisted by representatives of the grand lodge. Following the dedication Mr. W. A. Ashbrook read an interesting history of White Cross lodge, which commanded the utmost attention of all present. This history showed that White Cross lodge is only sixteen years old and was instituted with 18 charter members. It has numbered something like 250 members, but deducting losses by death, removals, etc., it now has 170 members in good standing with 16 applications on the list for membership. White Cross owns the splendid brick building in which the lodge room is situated, with two fine storerooms beneath. The grounds, building, furniture and handsome new paraphernalia represent an investment of about \$10,000, all of which the lodge owns, and is practically out of debt. As an instance of the liberality of the members of the lodge it may be stated that they voluntarily contributed \$2,000 towards the new building. At the conclusion of the history an elegant banquet was served. The exercises of the evening consisted of the installation of the officers of White Cross lodge with Grand Deputy G. F. French as the installing officer. An eloquent address was then delivered by Grand Chancellor J. D. Clark of nearly an hour's length, in which he ably sustained his reputation as a splendid speaker. The celebrated drill team of White Cross lodge, with H. A. Bishop as captain, then put on some fancy drill work in their elegant new paraphernalia.

Brief extemporaneous remarks were then made by Messrs. Ross, F. D. Tyler, Cash, F. D. French, Prof. Atwell, E. M. P. Brister, W. A. Ashbrook and T. V. Rutledge which were heartily enjoyed and applauded by all present. The pleasure of the entire entertainment was greatly enhanced by the splendid music rendered by the Euphony orchestra of Alexandria, with Miss Cora Williams as leader. The recitations of Miss Cash were also much enjoyed. Some 400 members and visitors were present, and the entertainment was a complete and enjoyable success throughout.

## AMUSEMENTS

"Old St. Stebbins" will be tonight's offering at the Auditorium. This rural play is an assured success and it appeals to all classes, telling a pure story of New England life and introducing the true Yankee spirit. The fragrance of the soil is in every line. Live poultry, two trained pigs a company cat, and real corn shocks are among the realistic props used. Dan Darleish assumes in an agreeable manner the role of "St."

"THE STROLLERS," TUESDAY. Maude Euston, of "The Strollers" Opera company, a dashing bit of femininity, whose "Lolita" song has been praised far and near by musical critics, and who is as bright a specimen of fresh womanhood as we have on the other side of the footlights, is a great admirer of Sarah Bernhardt, and is continually quoting some of the divine Sarah's famous remarks. Recently at one of the company's boarding houses, she took particular delight in mentioning the fact that the great Sarah on leaving America said: "I leave my soul in America," to which Smith Marba, the erratic Dutchman of the company, who is all for fun and several hailes shy on art, retorted: "If her soul is as thin as her figure she didn't leave such a much to brag about." At the Auditorium, Tuesday, January 10. Seats sale on at the box office.

### "MY WIFE'S FAMILY."

"My Wife's Family" funny and musical, will be here Jan. 12, headed by Hal Stephens and Harry Lenton, supported by a strong cast. Seat sale opens January 12.

Miss Eva Francis, daughter of the late Milo Francis, joined the company here last night, and will play the part of "Gertrude," the leading female role. Miss Francis has marked dramatic ability, and her friends have no doubt of her success.
